CONGRATULATIONS

If you are reading this, it means that you have made the wise decision to cover a WNBA game featuring the World Champion Las Vegas Aces. Odds are, you a member of one of the most prestigious media outlets in the nation, and a talented print, radio or television personality.

Regardless of how these Game Notes came into your possession, welcome to year 6 of the Las Vegas Aces—our first as the defending WNBA Champs.

These Game Notes are designed to simplify your coverage of the Aces, but in a society that now likes to communicate in ~~140~~ 280 ~~characters or less~~, 30-second Tik Tok videos, even a modest-sized set of Game Notes like this one can be intimidating.

Over the next 2 pages, we will walk you through the complexities of this document to further enhance your ability to cover the most entertaining team in the WNBA.

Before we begin, we want you to know that we've gone interactive with notes this year. Embedded links will take you to the interweb page that contains more information on each note or tidbit of information. Click through to your heart's content!

So let's get started. These notes are divided into 3 primary sections: Season Notes, Individual Player Profiles and Statistics.

Statistics
Let's take these items in reverse order. If all you need are our season statistics, just flip to the end of these notes. Both team's stats are always located on the second to last page.

There is also a separate statistical packet in a different document with more detailed information about both teams.

The back page is the Media Cheat Sheet roster, complete with head shots to help you quickly identify our players.

What about box scores? Some folks like to see the box score from the previous game in Game Notes, while some folks like to peruse all of that season's box scores. Some like to see the box scores from previous meetings between the two teams playing today.

Given all these possibilities, we have decided not to include any box scores ~~because we are lazy~~ in an effort to rid the planet of unnecessary paper waste. All Aces box scores are located on line.

LOCAL WATCH PARTIES
In addition to the national TV schedule listed on page 1, the remaining 24 Las Vegas Aces games listed at right also will be broadcast locally on FOX5 and/or Silver State Sports & Entertainment Network.

Individual Player Profiles
Each player on the roster has at least one page of info in this document.

Included in these are ...
• Notes from the 2023 season
• Notes from previous seasons
• Streaks that paint a statistical picture of
• the player's most recent efforts.
• Single-season and career highs.
• Career Stats

Additional information is available on each player's online biography, but these should give you what you need to cover the game.

Season Notes
This area is divided into 3 primary sections.

As the season progresses, the first notes will be super specific to this year's team and players, and should tell the story of the season, essentially answering the question, "Why do the Aces have the record they have?"

The second section contains interesting milestones or tidbits about this year's team or individuals.

The third section includes information from recent seasons that might (in theory) still have relevance to this year's team.

Today's Opponent
These pages let you know how the Aces have performed historically against today's opponent.

Additional Information
Also included in these notes are an Aces' roster, and Pronunciation Guide (page 4).

Frequently Asked Question
"I have found several typos in this document. Would you like to know about them?"

Yes, we would, but you should know that there are many people in the world who are not happy unless they find fault in the work of others. In an effort to boost their self-confidence, we have intentionally sprinkled several tpyos in this document to assist them, so we may already be aware of the typos of which you speak.

TOP OF THE PECKING OERDER

Seven teams in WNBA history have boasted both the best offense and defense in the same season as measured by Offensive (OER) and Defensive Efficiency Ratings (DER)—points scored and allowed per 100 possessions. Early in the 2023 season, the Aces have their sights set on becoming the 8th. Six of those teams ended up winning the title *.

Team	Year	OER	DER
Houston *	1998	104.1	86.7
Houston *	1999	104.4	91.4
Houston *	2000	109.1	90.8
Phoenix *	2014	106.4	94.1
Minnesota	2016	107.4	96.6
Minnesota *	2017	108.5	94.4
Seattle *	2020	108.3	93.3
Las Vegas	2023	109.9	89.4

3,000, 'TIS BUT A (LARGE) NUMBER

A'ja Wilson, who has scored in double figures in 31-straight games and never scored fewer than 4 points in a WNBA game, needs just 4 points to reach the 3,000 career point mark.

Should she achieve that against Connecticut, Wilson will become, at 26 years, 303 days, the fifth youngest player to score 3,000 points in her career (Lauren Jackson, 25 years, 27 days).

And, if she does so against Connecticut, Wilson will have reached the 3,000 points mark in her 157th game, which is the 7th fewest games needed to reach the mark (Elena Delle Donne, 148).

STOP

The Aces had one of the most powerful offenses in league history in 2022, and they are even more efficient in 2023. But the team's defense has improved to near record-setting levels this year after raking in the middle of the pack a year ago.

Team	Year	DER
Phoenix	1997	85.9
Cleveland	2001	85.9
New York	1997	86.3
Houston	1998	86.7

Las Vegas	2023	90.9

All the other teams that played at this level did so in the "Before Times" when back-to-the-basket post players roamed the earth, and the 3-pointer was utilized as an offensive weapon only sparingly.

STREAKING ALONG
The Aces are on a 11-game winning streak, which includes their 4-0 run to close the 2022 regular season. It is the longest winning streak for the team since moving to Las Vegas, and the second-longest in franchise history. The franchise record is 12-straight Ws, set by the San Antonio Silver Stars from June 24-Aug. 12, 2012.

DEADLY FROM LONG RANGE
Jackie Young and Kelsey Plum have been shooting lights out from beyond the arc since the start of the 2022 season. Young ranks 1st and Plum 7th in 3-point percentage among players with a minimum of 50 3-point field goals made over that span.

Player	3PM	3PA	3P%*
Jackie Young	65	148	43.92
Marine Johannés	56	133	42.11
Lexie Brown	69	169	40.83
Kelsey Mitchell	89	218	40.83
Allisha Gray	71	177	40.11
Rachel Banham	68	173	39.31
Kelsey Plum	121	308	39.29

HIGH ROLLERS
The Aces scored 90+ points in each of their first 5 games in 2023, becoming the only team in league history to accomplish that feat. In fact, no other team has scored 90+ in each of the first three games of the season.

Las Vegas also scored 90+ points in 6 straight games dating back to 2022, which is the 2nd longest such streak in W history (Phoenix, 2010, 7 straight). Indiana ended the Aces run by holding them to 84 points on June 4.

ALL ABOUT THAT PACE
The Aces have played at one of the fastest paces in the league since moving to Las Vegas as measured by possessions per 40 minutes.

GOLDEN STARTERS
We believe that the Aces are just the second WNBA team to feature a starting lineup with five Olympic gold medalists. Chelsea Gray, Candace Parker and A'ja Wilson earned their golds playing traditional 5x5 basketball, while Kelsey Plum and Jackie Young made up half of the 2020 U.S. Olympic 3x3 Team. The 2015 Minnesota Lynx started Olympic gold medalists Seimone Augustus, Sylvia Fowles, Asjha Jones, Maya Moore and Lindsay Whalen, who made up 5 of the 12-member U.S. roster in 2012.

RAISE THE STAKES
The Las Vegas Aces produced a five-part docuseries that chronicles the team's journey to winning the 2022 WNBA Championship. If you've not watched it yet, follow the links below to follow along as we recap the historic season.

IF A T(H)REE FALLS IN THE WOODS ...

Although the Aces have been one of the best 3-point shooting teams over the past 5 years, it wasn't always a big part of their arsenal. In 2022, the Aces utilized the 3-pointer to a much greater degree.

THAT'S OFFENSIVE

The Aces have had one of the best offenses in the league since making the move to Las Vegas. In 2020 they ranked 2nd in the WNBA in Offensive Efficiency, and in each of the past two years they finished 1st, and rank 1st through their first 7 games in 2023.

ALL SHE DOES IS WIN, WIN, WIN

When Jackie Young turned 25 last September 16, she had 87 regular season wins to her credit—one off the record for most wins prior to turning 25 held by Minnesota Lynx legend Maya Moore (88).

Mwadi Mabika holds the league mark for wins through her 26th birthday with 112. Las Vegas needs to win 19 more games this year in which Young plays for her to top Mabika's mark.

No, not another Fast & The Furious sequel. Becky Hammon has 33 wins in her first 43 games as a head coach in the W, and could become the 2nd fastest coach to win 50 games. Michael Cooper tops the list with 50 victories in his 1st 57 games on the sidelines.

A'ja Wilson has been credited with at least one steal in each of her past 27 regular season games which is the longest active streak in the WNBA. The league record is 45 games set by Yolanda Griffith from June 3, 2000-June 30, 2001.

BOARD ALLERGIES
Offensive Rebound Percentages have been declining for years now as teams have relied more and more on the 3-pointer shot as a weapon.

From 1997-2003, no team grabbed fewer than 30 percent of available offensive rebounds.

From 2004-09, 7 teams grabbed fewer than 30 percent.

In 2022, 7 teams finished below 30 percent, including the Aces, whose percecntage was the fourth lowest in WNBA history.

This season, 8 teams are below 30 percent.

LOW ON RESERVES

Las Vegas' bench averaged a league record 35.0 points per game in 2020. Only 7 other teams in WNBA history have averaged more than 30 points per game from their reserves.

Two years later, in the Aces' championship season, the bench averaged 12.9 points—12th in the league. This year, Las Vegas' reserves are averaging 13.7 points per game, with the Dallas Wings "leading" the way with 10.4 per contest.

CENTURY 2023

The Aces scored 100 or more points in 7 games in 2021 and 2022. The WNBA record for most times crossing the century mark in a season is 10 by the 2010 Phoenix Mercury. The Chicago Sky's OT win over the Indiana Fever on June 6 saw both teams score 100+ points.

DOUBLE NICKLE
You've heard of the double-double, but probably not the double-nickel. That's because the feat of blocking 5 shots and picking up 5 steals in the same game has only been done twice in WNBA history.

Candace Parker was the first to pull it off blocking 6 shots and recording 5 steals as a member of the Los Angeles Sparks in a double overtime game against Indiana on May 29, 2008. Natasha Howard accomplished it while playing for the Seattle Storm in a regulation game against the New York Liberty on August 6, 2018.

CHICKEN DINNER SHORTAGE
San Antonio had a rough go of it over its 15 years in the W. Although the Stars made 7 trips to the postseason, they boasted just 4 winning seasons after relocating from Utah.

Las Vegas Aces President Nikki Fargas announced on December 31, 2021 that the team hired San Antonio Spurs assistant, and 6-time WNBA All-Star Becky Hammon as the team's head coach. Hammon rewarded the Aces less than nine months later with the fanchise's first WNBA Championship.

The seeds for Hammon's hiring were originally sewn when the Aces retired her jersey on September 13, 2021. That ceremony served as the culmination of the franchise's 25th anniversary alumni initiative, which saw the Aces embrace their Utah and San Antonio roots, and celebrate the players who helped build the franchise and the league from the ground up. Las Vegas owner Mark Davis spent time with Hammon and her family that week, and walked away understandably impressed.

Hammon played 16 seasons in the WNBA, including her final eight in San Antonio, where she led the franchise to its first finals appearance in 2008.

On August 5, 2014, Spurs head coach Gregg Popovich hired Hammon as a full-time assistant making her the first woman in NBA history to hold that position.

Since that time, Hammon has continued to accumulate coaching 'firsts' in the NBA. On July 3, 2015, she became the first woman to serve as head coach in the NBA's Summer League where she led the Spurs to the league title.

Less than a year later, Hammon became the first woman to be part of an All-Star coaching staff, and on December 30, 2020, following Popovich's ejection in San Antonio's game against Los Angeles, Hammon took over on the bench, becoming the first woman acting head coach in the history of the NBA.

A member of the league's 15th, 20th and 25th anniversary teams, Hammon went undrafted in 1999 following her All-American career at Colorado State. She signed with New York as a free agent that same year, helping the team to WNBA Finals appearances in three of her first four years in the Big Apple.

The Rapid City, SD native earned her first All-Star nod in 2003, and represented New York on the Eastern Conference squad in 2005 and 2006 as well.

Following the 2006 season, New York traded Hammon to San Antonio. In her first year in silver and black, she posted what were then career highs in scoring (18.8 ppg), and assists (5.0) while earning another trip to the WNBA All-Star Game. As a team, the Silver Stars made their first appearance in the postseason since 2002, falling to Phoenix in the Western Conference Finals.

In 2008, Hammon led San Antonio to its first trip to the WNBA Finals where they fell to Detroit. The Silver Stars made the playoffs in each of her seven full seasons with the team, and Hammon once again was named to the All-Star team in 2009 and 2011.

She retired as the franchise leader in assists per game (5.1) and scoring average (15.6), and the WNBA leader in career free throw percentage (89.7).

Hammon, who will be inducted into the Naismith Memorial Hall of Fame this year, was inducted into the Colorado Sports Hall of Fame in 2015 and the San Antonio Sports Hall of Fame in 2018.

If you had more Bs than A answers, congratulations! You are destined to become a soothsayer who lives in an electricity-free cabin in the hills with a pet zebra while enjoying the aroma of your nightly dinner of steamed worms. You also will fly to Los Angeles to claim the Olympic gold medal you will win in the new sport of blackjack, which will replace the long-dormant tug of war on the list of sports at the 2028 Games.
