#### **On how she felt after reaching 2,000 career minutes with the Sky**

"I feel good. I just felt good to finally get out there and for us to all come together and play. I like the fact that we had to play from behind. We played from behind for maybe 35-plus minutes and to see us come together and really like stick it out and finish the game strong that makes me so happy."

#### **On the team coming together late**

"I think we were all lifting each other up in those moments. Allie [Quigley] struggled in the beginning just a little bit, but we were just telling [her], especially it was just telling [her] like you're still the best shooter in the league. No matter how many shots you miss, we still count on you at the end of the game to hit these shots and she came up big for us as she does all the time."

#### **On the comeback victory**

"Diamond [DeShields] not playing as much is big for us because she's a great player for us. But this just shows the depth of our team, and how good we can be when we all have to step up and play for each other."

#### **On James Wade's talk with her**

"James really knows how to motivate me. He talked a little trash to me. I can take it and I'm just going to respond. So, he talked a little bit of trash. I'm not going to tell you all verbatim but it definitely fired me up and motivated me to come out and do what I'm supposed to do."

#### **On how easy it was for her to get to the basket today**

"It wasn't really easy. I had to maneuver a little bit but when I got there I just had to focus on finishing at the rim. So, it wasn't it wasn't real easy but I got there and I finished."

#### **On how she is feeling physically**

"I got these young legs over here. So I'm feeling good. I can go. I think we're just going to take our time. Go back and recover and take it easy and just get ready for the next one."

#### **On her play against the Aces the past few games**

"There's nothing really for the Aces. It's just me just playing basketball. I think that I was just taking whatever the defense was giving me and just trying to do whatever I can to get the win for the team."

#### **On how this performance can help her for the rest of the season**

"Definitely a confidence booster just coming out being able to play hard and play strong and to get the results that I was looking for and the win on top of it."
