

Friday May 5, 2017 Minnesota Lynx vs. Atlanta Dream

Atlanta Dream Head Coach, Michael Cooper

On the improvements that can be found after tonight...

"We're in the process of cutting. We had a lot of people get an opportunity to play. We got a chance to look at a lot of people to see who can do what, how they can do it and where they can do it from. To me that was a positive thing because cutting is always difficult, but there were things we were looking for and I think there were people who were able to show what they had."

Atlanta Dream Guard, Darxia Morris

On some of the positives from tonight...

"We stuck it out and we continued to play hard, regardless of the score. I just feel we could of done a lot better than we did. We still played together and that was key."

On getting ready for the regular season after tonight...

"Tonight was an eye-opener for us. Boxing out on offense and defense, running through our plays and executing everything, you know, the little things. We have about a week and half until the season starts to work on those things, so this game was a big help for us."

Atlanta Dream Guard, Layshia Claredon

On tonight's game...

"I think defensively, you never want to give up that many points and we just need to be on the same page as a team. We looked a little scattered tonight."

On the Lynx causing problems for Atlanta in the paint tonight...

"They always score a lot of points in the paint. They have one of the best offensive rebounders in Rebekkah Brunson and even Sylvia (Fowles) and Natasha (Howard) off the bench so their always difficult inside so we have to box out and be a little more discipline."
